

RIGAN ISBATUL HAQQI

Kudus, Indonesia (59381) | (+62) 89520084593 | riganisbatulhaqqi6@gmail.com |

ABOUT ME

I am a Fresh Graduate in Electrical Engineering with a strong interest in electronics, control systems, and the Internet of Things (IoT). During my studies, I actively developed skills in designing and analyzing electronic circuits, programming microcontrollers, and integrating hardware with software. I also gained internship experience as a Maintenance Operation for 4 months. In addition, I served as the Event Coordinator for the ORMAWA CUP Program and actively participated in sports competitions. As an active student both on and off campus, I possess strong **interpersonal, analytical, and critical thinking skills** that enable me to plan strategically and solve problems effectively.
